Haskayne School of Business and Schulich School of Engineering

JOINT BUSINESS AND ENGINEERING DEGREE

Bachelor of Commerce (BComm)

Entrepreneurs and leaders need a mixture of technical skills and business acumen for their companies to succeed. This program blends engineering expertise with strategic thinking to give you a unique education. Earn two prestigious degrees in as little as five years by taking a mixture of engineering, science, arts and business courses. You will have access to career services from our business and engineering schools, including the ability to apply for a paid 12 to 16 month internship. With two degrees, become qualified to pursue multiple career pathways.

Varun Bhatt
BSc (Eng) / BComm student
After starting an LED lighting business in 2013 with a goal of promoting green living practices in Calgary, Varun wanted to combine his passion for engineering and entrepreneurship. He is part of the first group of students to enroll in the new combined degree program.

Did You Know?
This combined degree is the only program of its kind in Western Canada.
