East Asian Studies examines the culture, language and history of East Asian civilizations in an interdisciplinary program offering a comprehensive understanding of the rich culture and emerging global power of China, Japan, Korea, Vietnam and Taiwan. During your personalized course of studies, you will gain a sensitivity to diversity and interconnectedness, conceptual analytic skills, research capabilities, and the ability to communicate in either Chinese or Japanese.

Did You Know?
Our co-operative (co-op) education program will help you gain career-related work experience. You’ll alternate study semesters at university with work semesters that involve 12-16 weeks of full-time, paid work placements.

BA’77 (Psychology and Drama)
Restaurant critic for the Calgary Herald and CBC Radio, best-selling author, and UCalgary continuing education instructor.

The program gives you a deeper understanding of East Asia in terms of philosophical inquiry and the religious traditions of East Asian cultures. What surprised me about my program was the ability to go on a group study program and have the courses counts toward my degree. I spent a month in Beijing studying Mandarin.

Chant C., East Asian studies student
