GREEK AND ROMAN STUDIES

Bachelor of Arts (BA)

Greek and Roman Studies scholars examine the civilizations of the Mediterranean area, the Near East, and Western Europe in ancient and medieval times. During the course of your studies, you’ll gain research and analytical capabilities, written communication skills, and experience studying and interpreting textual and material remains that have survived from antiquity.

“

The professors have helped me grow as a student, taught me an incredible amount, and made my time in the program truly enjoyable. The standout memory in my studies so far was achieving my first A in a Latin course, which is something I thought was beyond me. This has given me more self-confidence and motivated me to keep pushing myself harder.
