A crucial part of the program and becoming fluent in Spanish was my two-semester study abroad period in Valparaíso, Chile. The ability to create personal connections with people from other backgrounds and cultures completely changes the way you perceive your world. It makes you feel empowered, curious, and ready to explore.

Bachelor of Arts (BA)

Studying Spanish will provide you with a multidisciplinary examination of Spanish language, literature, culture, art and history. This program will allow you to improve your Spanish language skills while developing your awareness and understanding of Hispanic cultures. During the course of your studies, you’ll gain creative thinking skills, research and analytical capabilities, intercultural awareness, and the ability to fluently communicate in Spanish.
